

# Matteo De Giuseppe

## Frontend developer

I am a passionate developer with a lifelong love for coding. Selected as one of 345 candidates from over 9,000 applicants for the **Apple Developer Academy**, I embarked on a journey of knowledge and growth. Continuing my studies, I secured a spot at **42 Roma Luiss**, renowned for honing development skills. Alongside my studies, I **co-founded Deckx**, a groundbreaking platform connecting companies with the right developers where I've raised over 280K€ in funding. With a solid foundation, an entrepreneurial spirit, and a commitment to continuous learning, I am poised to make a meaningful impact in software development.

- Teamwork
- Entrepreneurial mindset
- Communication
- Fast learner
- Problem solving
- Time management

## Languages

- Italian
- English

## Hobbies

- Tv series
- Tech conference
- Walking my dog

## Experience

### Co-founder & developer

2021-2023

#### Deckx Srl

Led the ideation, validation, and development processes, ensuring the platform's functionality and user experience. My role extended beyond the technical domain, as I orchestrated targeted marketing strategies that catapulted Deckx into the limelight, fostering heightened brand recognition and drawing the attention of companies and developers. I successfully secured €280K in funding from three VC: Hook VC, LVenture, and Exor VC.

### Co-founder & developer

2022

#### Deckx - Accelleration program with Hook vc and LVenture

I spearheaded the development of numerous MVPs for the platform, working closely with the acceleration team. Conducting targeted tests, we refined and optimized product concepts swiftly. Additionally, I managed server configuration and maintenance, ensuring the reliable operation of the digital infrastructure.

### Web & mobile developer

2019 - Present

#### Freelance

I've worked as a freelance developer, specializing in both iOS and web development. In iOS development, I crafted user-friendly applications for Apple devices, showcasing a profound understanding of the iOS ecosystem. Simultaneously, as a web developer, I created dynamic and responsive websites using various technologies, offering versatile solutions across different platforms.

### IT support (High School stage)

S2016 - S2017

#### Chiorino spa

Worked in a data center, performing tasks such as technical assistance, computer configuration, and network management. I provided support, optimized computer systems, and ensured seamless network connectivity.

## Education

### 42 Roma Luiss

2020 - 2022

I immersed myself in peer-to-peer learning and project-based educational approach. Through this unique model, I honed robust problem-solving abilities and technical skills, crafting a solid foundation in coding. 42's emphasis on autonomy and adaptability has not only shaped my skills but has also instilled in me a mindset geared towards continual learning and innovation. This educational journey at 42 has been pivotal in preparing me for the dynamic challenges of the tech industry

### Apple Developer Academy

2018 - 2019

Graduated from the esteemed Apple Developer Academy. Attained practical expertise in app development, software engineering, and entrepreneurship. Collaborated within a diverse global community of skilled developers, fostering innovation and creativity. Engaged with developers from 27 different nations, enhancing the richness of collaborative experiences.

### ITIS Q. Sella

2013 - 2018

I pursued my education at the IT high school, where my academic journey extended beyond traditional coursework. Notably, I earned the distinction of being elected Vice President of the City Student Council. Alongside my academic pursuits, I obtained the license to code and operated COMAU's robotic arms, showcasing a multifaceted dedication to both theoretical and applied aspects of technology.
